
NISSAN
THE ALL-NEW 2010 NISSAN Z® ROADSTER

THE Z® ROADSTER.
A 332-HP
OPEN INVITATION.
370Z
NISSAN
VZN503

When the open road calls, there's only one way to respond, with 332 hp under your foot and an endless sky overhead. Introducing the all-new Nissan 370Z™ Roadster. Thoughtfully designed for the real world, passionately engineered to leave it far behind. Welcome to the party.

IT STARTS AT THE TOP.

Before it could be a roadster, it had to be a Z,® so the fun begins with advanced technology and state-of-the-art materials. A muscular 332-hp, 3.7-L V6 with advanced Variable Valve Event and Lift (VVEL) technology for low-end power and an exhilarating redline rush. The world's first manual transmission that matches engine rpm for smooth downshifts and upshifts.[1] Lightweight aluminum suspension components for quick response.

ADVANCED VARIABLE VALVE EVENT AND LIFT (VVEL) TECHNOLOGY

WORLD'S FIRST SYNCHROREV MATCH MANUAL TRANSMISSION[1]

7-SPEED AUTOMATIC[1] WITH PADDLE SHIFTERS

Even the automatic convertible top is high-performance. High-quality dual-layer insulation helps keep warm air in and unwanted noise out. A glass rear window with defroster gives a clear view and helps to keep the cabin quiet. The designers even took special care to ensure that when the top is up, the roofline echoes the aggressive silhouette of the 370Z™ Coupe.

AND GOES FROM THERE.

To enjoy top-down driving, it couldn't be easier. With no latches to undo, the fully automatic power convertible top peels away in just 20 seconds and stores underneath its hard tonneau cover. With Intelligent Key in your pocket, the top can be activated from outside by pushing a button on the driver's door. You can even raise or drop the top while the Roadster is moving[2] – because in a Z,® you hate to stop driving for any reason.

[1]Available feature. [2]Do not drive the vehicle with the top partially opened. Always make sure the top is either fully opened or closed before driving. See owner's manual regarding proper use.

ENGINEERED FOR EXTENDED PLAY.

AIRFLOW MANAGEMENT Extensive testing has gone into the Roadster to minimize buffeting of air as it moves above, around and through the cabin. More than just keeping your hair looking nice, it allows for more effective heating and cooling of the interior, as well as a quieter ride.

HEATED AND COOLED SEATS Heat wave or cold snap, you can enjoy top-down driving longer in comfort with the Roadster's available heated and cooled seats. Air directed through seat perforations in an expansive portion of the seatbacks and bottom cushions helps keep you toasty warm or cool and dry

FEATURING LIVE ENTERTAINMENT

AVAILABLE FEATURES INCLUDE:

NEXT-GENERATION NAVIGATION WITH HIGH-RESOLUTION LCD

USB AUDIO INTERFACE FOR IPOD® AND MORE[1]

8-SPEAKER BOSE® AUDIO SOUND SYSTEM

BLUETOOTH® WIRELESS STREAMING AUDIO[2]

If the intoxicating roar of 332 horsepower isn't enough, the Z® Roadster offers an unmatched array of available technology for your enjoyment. XM/Sirius® Satellite Radio is just the beginning. XM NavWeather™ provides forecasts and alerts.[3] The USB input plays music from an iPod®, flash drive or any other compatible storage device – you can even watch movies on the LCD screen while your Roadster is parked. Or use Bluetooth® to wirelessly play music or have conversations from your phone.[2] And of course, you have Nissan's state-of-the-art navigation, including 3-D Birdview™ and XM NavTraffic® with live traffic advisories – because the best entertainment of all is an open road.[3,4]

[1]Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. iPod charge through the Interface System may only be supported via use of FireWire® devices. See dealer for details. ®iPod and FireWire are registered trademarks of Apple, Inc. All rights reserved. iPod not included. [2]Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone owner's manual for details. Cell phone not included. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. [3]XM® Satellite Radio, XM NavWeather™ and XM NavTraffic® require subscriptions sold separately after three-month trial period. Fees and taxes apply, including any installation costs and a one-time activation fee. XM NavTraffic® available in select markets and XM radio service not available in Canada, AK and HI.
